

**WSHSRA Executive Board Meeting via Zoom**  
**2/10/2025**

Meeting called to order at 7:04pm by President Tygh Campbell

This meeting is to discuss the Central Entry position and entry system options moving forward.

Tygh refreshed everyone on the information on the credit card fees, processing fees plus platform usage for KCI. After Stephanie resigned as Central Entry on Jules reached out to Jerry with KCI asking about actual cost and if we are getting everything out of the program. Jerry sent an email with a link that was difficult to follow.

Tashia reached out to the entry program that is run by the same people that do membership portal (Equestevent).

Tygh also reached out to another program company.

Tygh feels that it's counterproductive to put a new Central Entry person in without having a program and learning one, and then changing to something else. He is wanting us to figure out a program and get it up and running before we put someone into the position.

Tashia explained the equestevent system. They charge a 6% CC fee per contestant entry, but there is no hidden expenses on the back side to be charged to the association. The program also makes judges/timers sheets, day sheets, payouts and points. There was a lot of questions and conversation in regards to the equestevent system.

The system that Tygh had reached out to has not gotten back to him yet.

Diehl feels that we should have this as a full board decision. With the increase in fees to the membership, this would be better voted on by the board to make the decision.

Jackie reached out to Kelly Streeter who also uses KCI, and she is willing to help us out with the program. Jackie also feels that we should hear back from the system that Tygh reached out to. But Jackie also feels that we should go to the full board with a recommendation on what we feel would be best.

It was discussed on if we hire one of these outside people, would it be a paid position and how would we fill the open board position. This is something we will look into.

Tashia asked for clarification on if the first cutting will still be entries through Diehl because entries open before our meeting. This is correct.

Meeting closed at 8:08pm
